

Extra Blessings

Extra Blessings is a voluntary donation program that supports Medi-Share members with needs that are ineligible for sharing. It acts as a safeguard towards costly medical expenses.

HOW IT WORKS:

Because Medi-Share offers competitive pricing in the health care space which helps members save up to 50% or more on their health care costs, members are encouraged to share those savings with others. Members can choose to donate to the Extra Blessings program which helps fellow members who have needs that are ineligible for sharing. Donation amounts are completely voluntary and as little as \$1 can go a long way.

In FY23, Extra Blessings **paid \$1,570,626** in medical bills for **28 member families**.

"I just wanted to say thank you so much to all the members I consider my brothers and sisters in Christ for giving to "Extra Blessings!" I have been in good health all my life and very unexpectedly had a heart attack last year that changed my life. From the bottom of my heart, thank you for this incredible blessing!" **-CYNTHIA L.**

"I greatly appreciate all those who donated to the Extra Blessing program so that my medical bills can be paid. A great load has been lifted and I feel very blessed. I'd like to pass that blessing on to each and everyone who paid that extra donation for such a purpose. God bless and keep you all." **-DON S.**

"I just wanted to say thank you for the tremendous outpouring of gifts toward my Extra Blessing need. This organization and its community of believers are a true representation of what faith is. Without Christ, we have no faith and without faith, we have nothing, God Bless everyone and thank you." **-ANTHONY R.**

To learn more about how **Extra Blessings** works, visit our [Medi-Share Guidelines page](#).

The program acts as a safeguard towards costly medical expenses, however it is not a guarantee that ineligible bills will be shared
