TeleBehavioral Health

We aren't made to face burdens alone. Galatians 6:2 instructs Christians to "Carry each other's burdens, and in this way you will fulfill the law of Christ."

One of the ways we do this is by sharing in TeleBehavioral Health. You can virtually visit with a licensed mental health professional for conditions such as:

- Depression
- Anxiety
- Grief
- Eating Disorders
- Addiction
- Relationship Problems
- And More

All counseling calls are strictly confidential.

Although mental health counselors are not able to prescribe medication, you may request to speak to a psychiatrist who can. However, you would have to pay the provider a fee (which is not eligible for sharing) for the psychiatrist counseling session.

Healthcare Bluebook

Did you know that prices for the same medical procedure can vary drastically between facilities? With the help of Healthcare Bluebook, you can get visibility into provider pricing and quality. **It helps members save on average \$792 on their medical procedures!**

Medi-Share partnered with Healthcare Bluebook to enhance the provider search experience and help families, like yours, be good stewards of their health care dollars.

Pharmacy Discounts

Navitus Health Solutions' pharmacy program gives Medi-Share members access to a team of pharmacy professionals who offer personalized care, plus significant prescription discounts through their partnership with GoodRx. Members can:

- Search for participating pharmacies by location
- Compare prescription prices by pharmacy
- Research known common drug side effects and interactions

Extra Blessings

Sometimes, members' medical expenses are ineligible for sharing. In those instances, they need a little extra help. Extra Blessings is an additional contribution members give to help support other members and live out our Ministry First mission.

In FY25, we collected \$1,423,465 in Extra Blessings funds and contributed \$3,240,300 to 47 members.

While the Extra Blessings program does not guarantee that your ineligible bills will be shared, it can be a safeguard towards costly medical expenses.

"I greatly appreciate all those who donated to the Extra Blessing program so that my medical bills can be paid. A great load has been lifted and I feel very blessed. "
