

A Supplementary Health Care Option For Seniors 65+

What Makes Medi-Share 65+ Different From Other Supplement Options?

Medi-Share 65+ is a new and improved supplementary medical bill sharing program for seniors 65 and older with Medicare Parts A and B. Unlike other supplement options on the market, Medi-Share 65+ is an affordable option that helps fill in the financial gaps for seniors during their retirement years. Because we are a Health Care Sharing Ministry, Medi-Share 65+ members get to be a part of a Christian community that supports and believes in the biblical way to do health care.
